

COUNTRY UPDATE PORTUGAL

FARO 2023

17 February 2023, Vienna, Austria

An aerial photograph of a vast, snow-covered mountain range with intricate, branching ridges and valleys. The snow is bright white, contrasting with the dark shadows of the mountain's crevices. The overall scene is serene and majestic.

Highlighting future projects

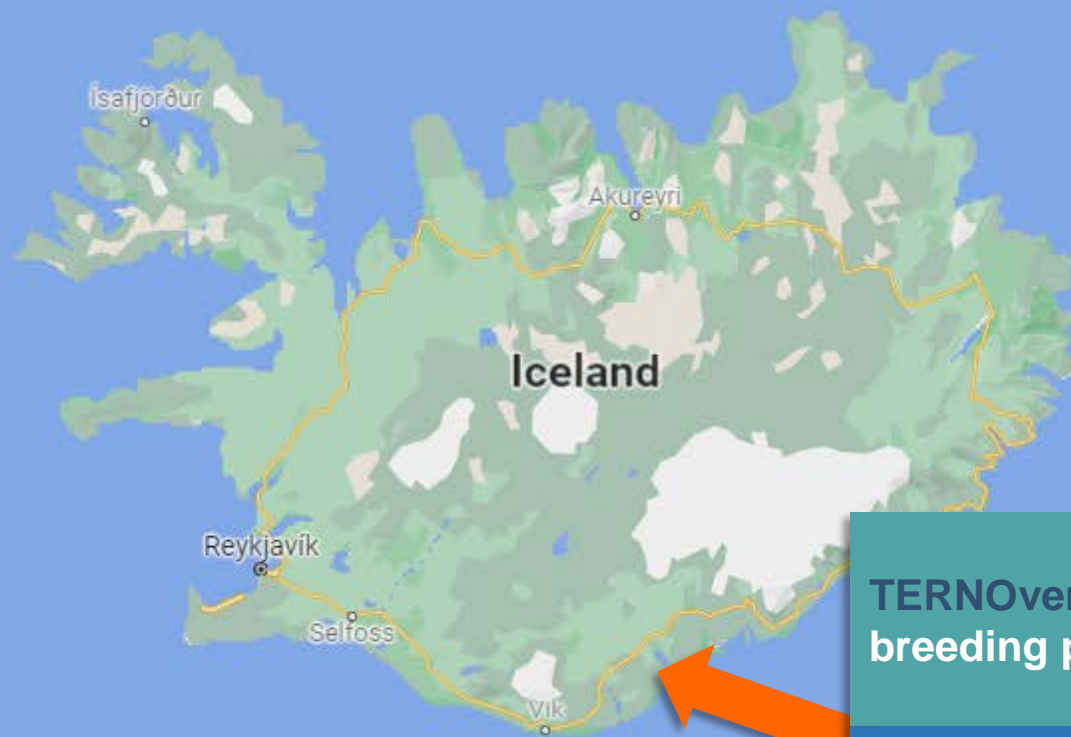

PERMANOM - Structural Characterization of Natural Organic Matter in Permafrost Thaw Lakes in winter Season

PI: João Canário

Affiliation: CQE/IST-ULISBOA

Project work location: Kangiqsualujjuaq, Canada

ARCTIC CAMPAIGN 2022-23

ATLANTIC OCEAN

TERNOver - How variation on Omega-3 may affect breeding performance of marine avian species?

PI: Pedro Miguel Araújo

Affiliation: MARE-UCOIMBRA

Project work location: SOUTH AND EAST ICELAND

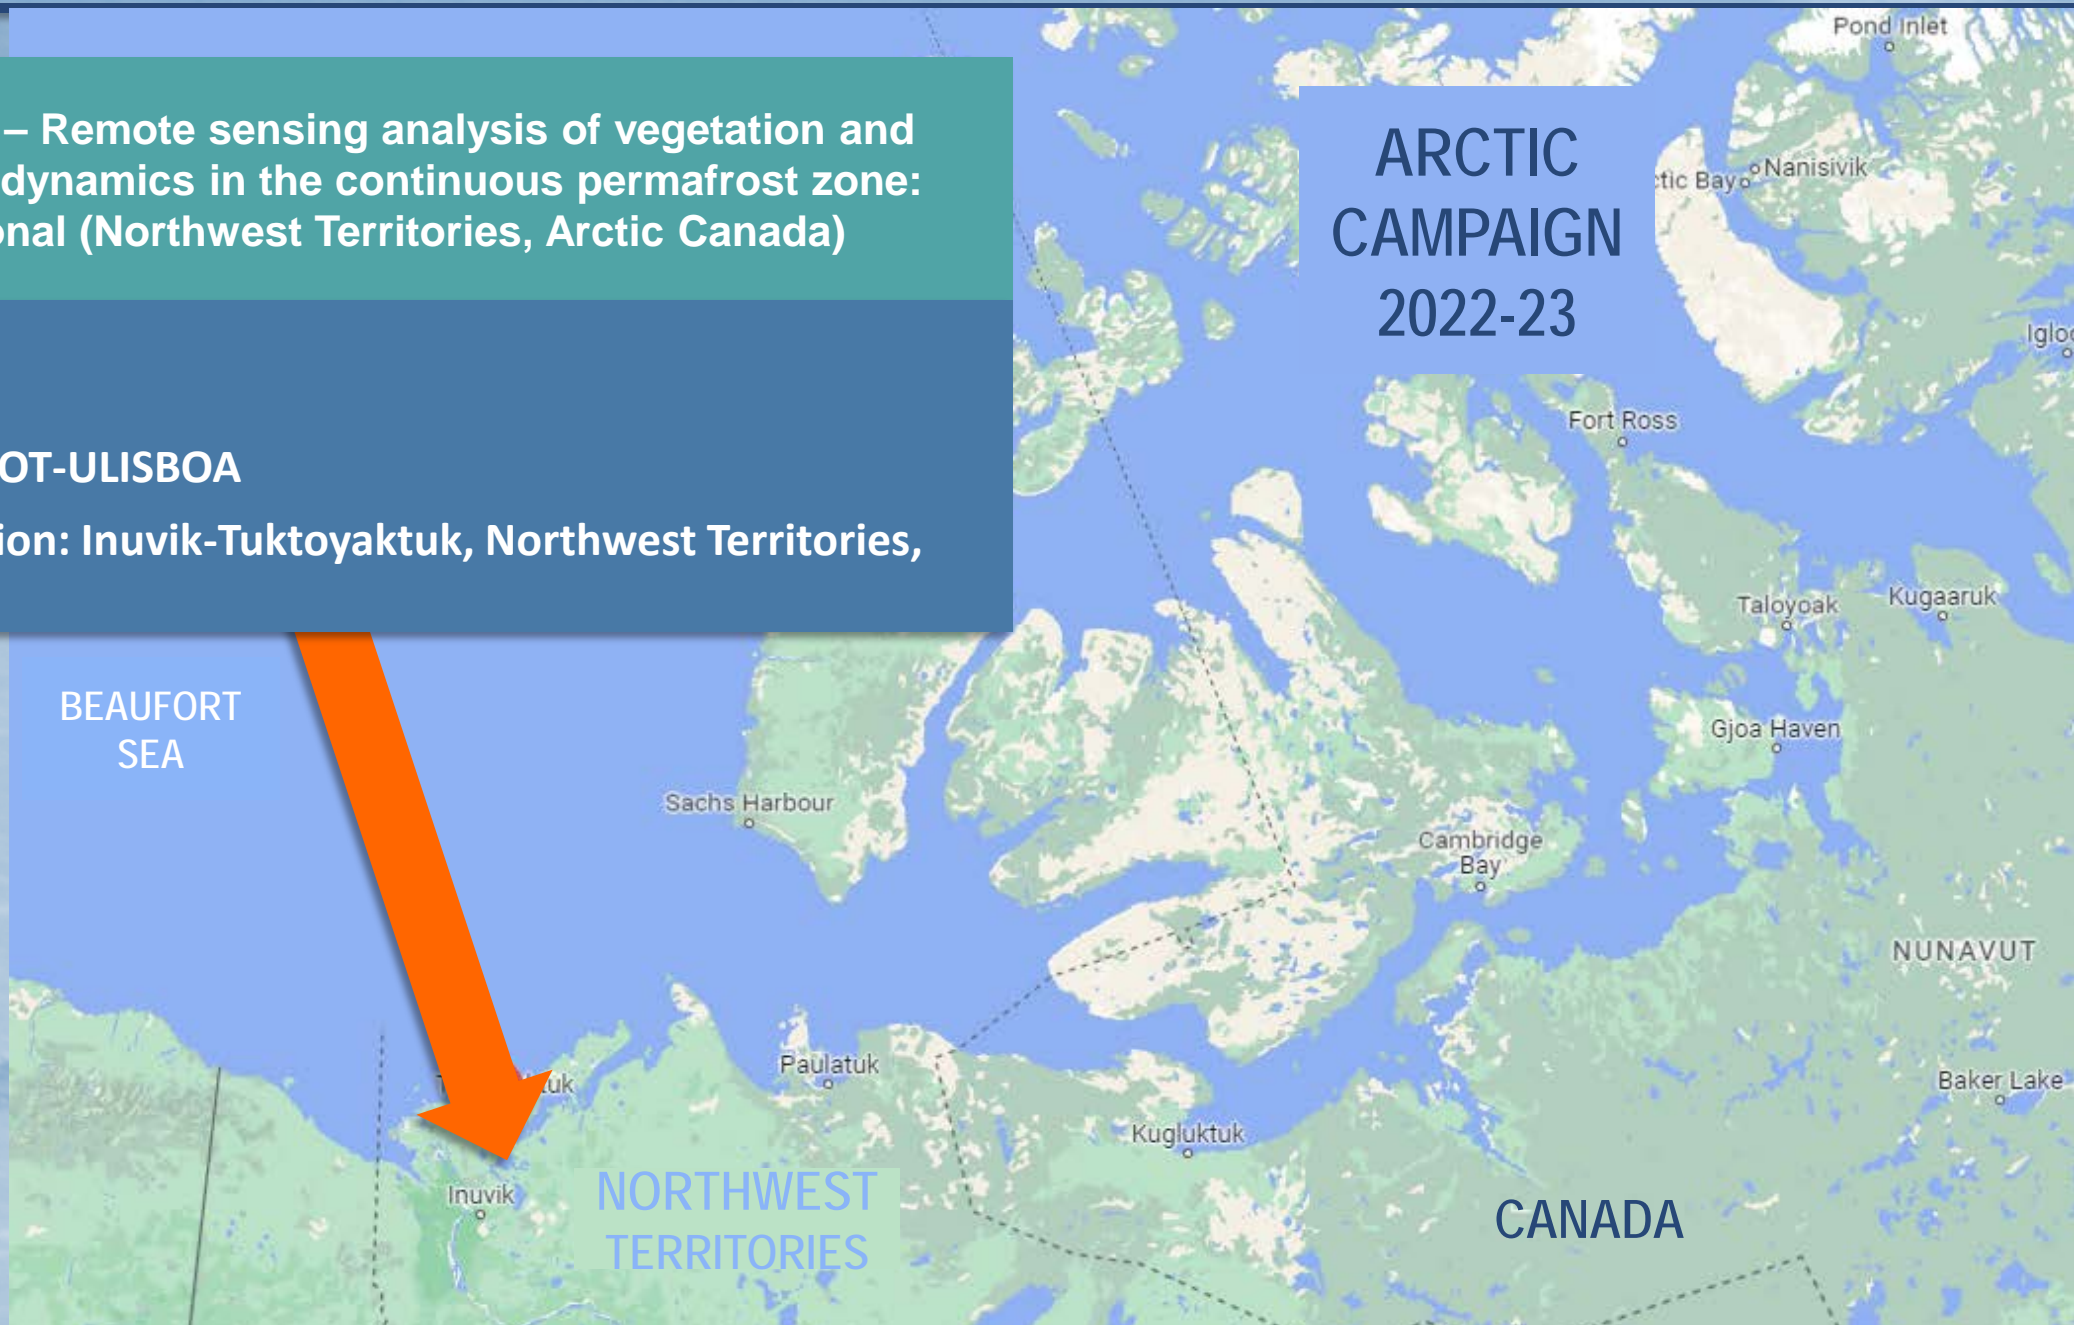

THAWPOND-NWT – Remote sensing analysis of vegetation and thaw pond colour dynamics in the continuous permafrost zone: from local to regional (Northwest Territories, Arctic Canada)

PI: Carla Mora

Affiliation: CEG/IGOT-ULISBOA

Project work location: Inuvik-Tuktoyaktuk, Northwest Territories, Arctic Canada
