

FARO Annual Meeting 2020
30 March 2020, 09:00 -13:00 (UTC)
Online meeting

Update from Portugal

Maria Teresa Cabrita

INFRASTRUCTURE ACCESS

COLLABORATION WITH OTHER ARCTIC RESEARCH TEAMS

FINANCIAL SUPPORT FOR ACCESS TO INFRASTRUTURE

- 
- SHORT TERM FUNDING
 - ANNUAL FUNDING JUST FOR LOGISTICS
 - LIMITED ANNUAL BUDGET

Research projects on Arctic

PERMARSENIC – Arsenic speciation and biogeochemistry in Permafrost Thaw Lakes

PI: **João Canário**

Affiliation: **CQE/IST-ULISBOA**

Project work location: Kuujjuarapik, Umiujaq, Canada

THAWPOND 2020 - Remote sensing analysis of vegetation and thaw pond colour dynamics at the tundra-forest zone: from local to regional scale (Whapmagoostui - Kuujjuarapik, Hudson Bay, sub-Arctic Canada)

PI: **Carla Mora**

Affiliation: **CEG/IGOT-ULISBOA**

Project work location: Whapmagoostui - Kuujjuarapik, Hudson Bay, sub-Arctic Canada

Kuujjuarapik, Umiujaq
CANADA

SVALBARD

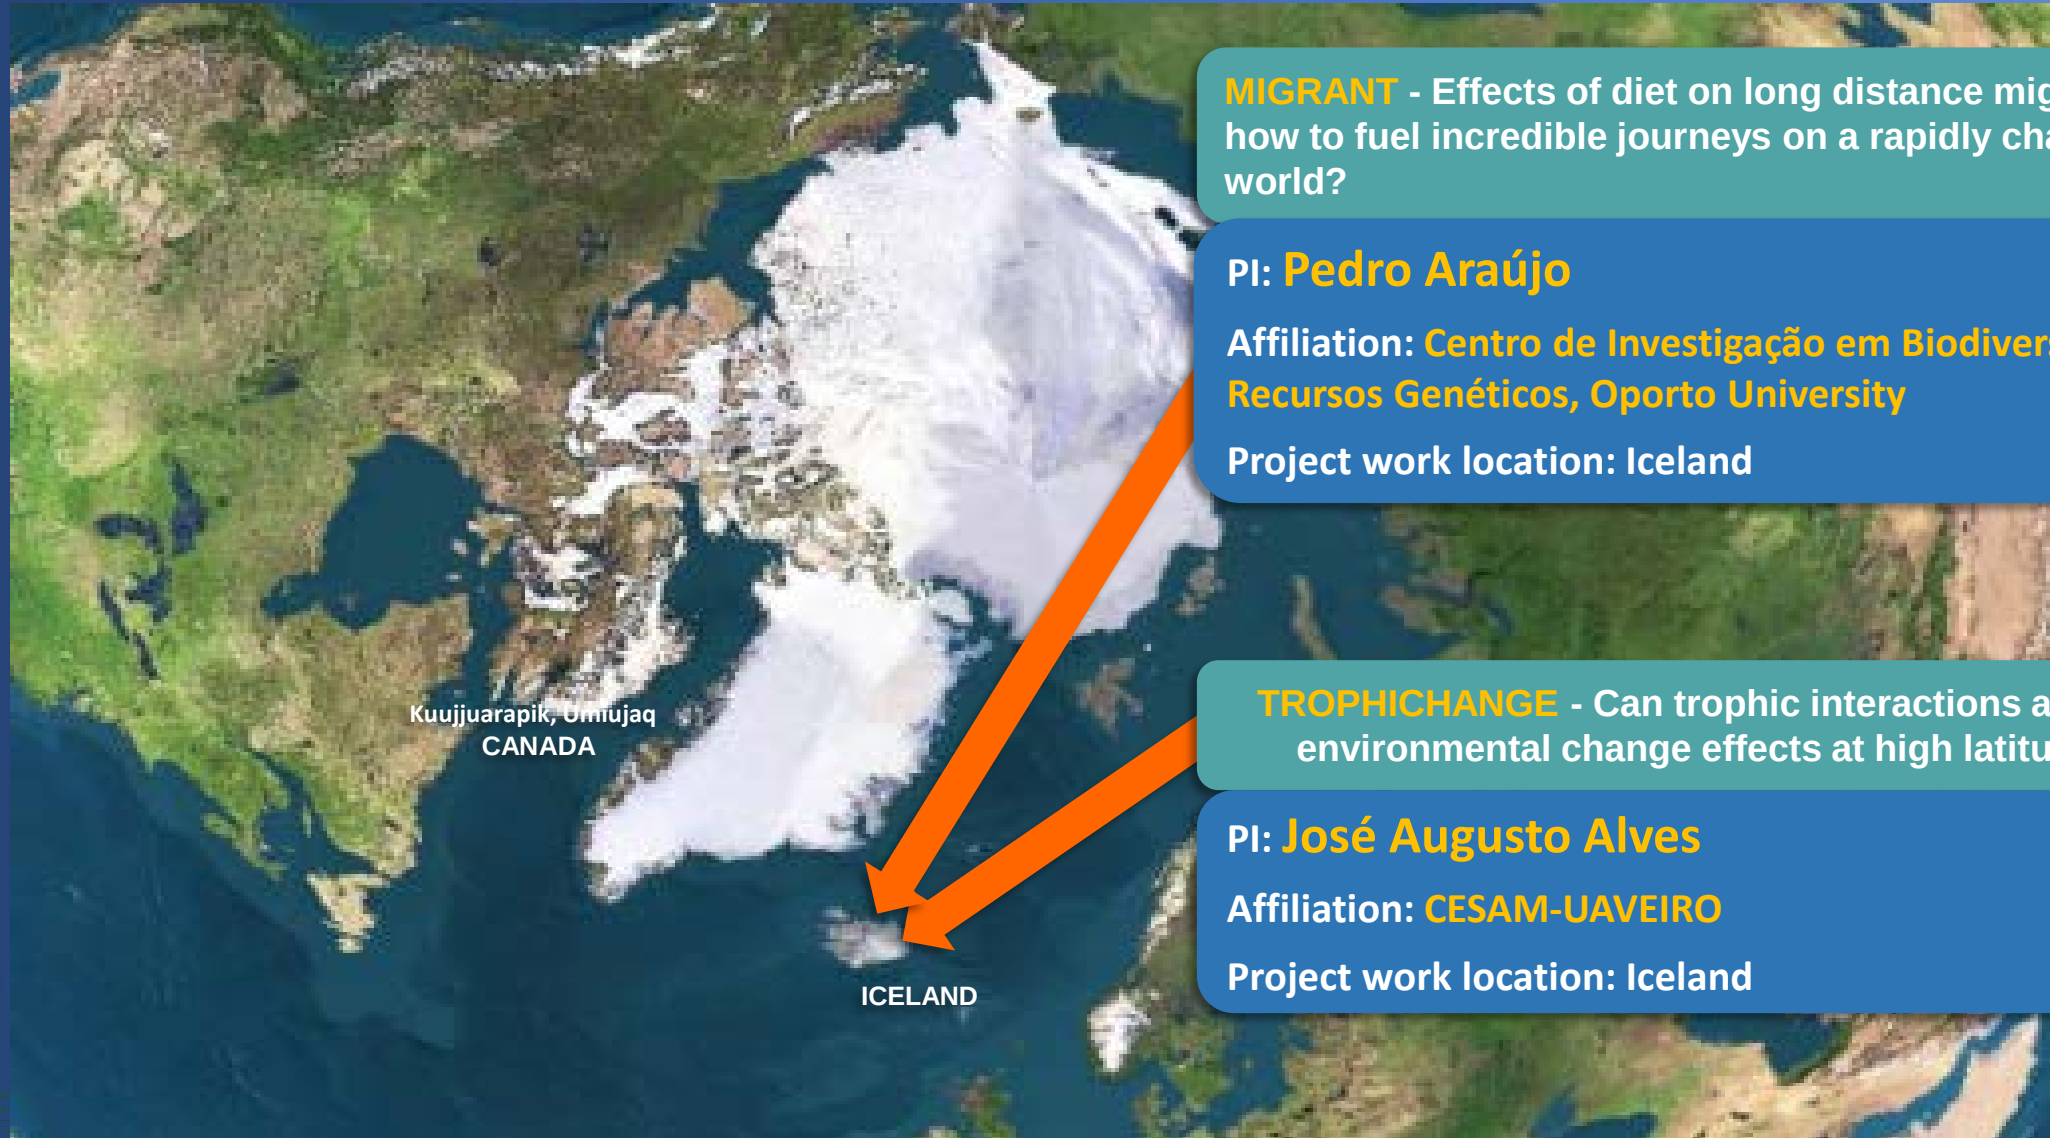

TINYARCTIC - Deciphering the Plankton Microbiome and its Functions in a Changing Arctic

PI: **Catarina Magalhães**

Affiliation: **Oporto University**

Project work location: Svalbard

Research projects on Arctic

MIGRANT - Effects of diet on long distance migrants: how to fuel incredible journeys on a rapidly changing world?

PI: **Pedro Araújo**

Affiliation: **Centro de Investigação em Biodiversidade e Recursos Genéticos, Oporto University**

Project work location: Iceland

TROPHICHANGE - Can trophic interactions alleviate environmental change effects at high latitudes?

PI: **José Augusto Alves**

Affiliation: **CESAM-UAVEIRO**

Project work location: Iceland

**NO
INFRASTRUCTURE**

number 1 operational challenge

**Strengthen
cooperations**

**Increase
funding for
arctic research**

FINANCIAL SUPPORT FOR SCIENTIFIC WORK
